Jesus is Always Better

Bekah Hannah

Session #3 – Notes

Discussion Questions:

Do you think that God has punished you in your circumstances? If so, how is this thinking wrong?

How **do you marry the understanding that God never disappears, he's never quiet** and never fails with the parts of your life that have not turned out as planned?

Do you believe that what God has in store for you is better than what you could come up with for yourself?
